Apart from the matters involving remuneration of the Company's KMP, which is the subject of Resolution 1, a vote of Shareholders on these reports is not required at the Meeting. However, Shareholders will be given a reasonable opportunity to raise questions and make comments on these reports at the Meeting.

Shareholders may also submit written questions to the Company's auditor, Pitcher Partners if the question is relevant to the content of the Audit Report, or the conduct of its audit of the Company's Annual Report for the year ended 30 June 2024. Resolution 1 – Adoption of 2024 Remuneration Report

The Corporations Act requires listed entities to put a Remuneration Report relating to director and executive remuneration for each financial year to a resolution of members at their annual general meeting. The Remuneration Report for the Company has been included in the Company's 2024 Annual Report. Under section 250R(3) of the Corporations Act, the vote on the Remuneration Report is advisory only and does not bind the Directors or the Company. However, the Board will take the outcome of the vote into consideration when reviewing the remuneration practices and policies of the Company.

If, at 2 consecutive annual general meetings of the Company, 25% or more of the votes cast on a resolution that the Remuneration Report be adopted are against the adoption of the Remuneration Report, the Company will be required to put to Shareholders a resolution at the second annual general meeting proposing the calling of an extraordinary general meeting to consider the election of Directors of the Company (known as a "spill resolution"). If more than 50% of Shareholders vote in favour of the spill resolution, the Company must convene an extraordinary general meeting (known as a "spill meeting") within 90 days of the spill resolution.

All of the Directors who were in office when the Remuneration Report (being, the report laid before the second annual general meeting) was approved by the Board (other than the Managing Director) will cease to hold office

immediately before the end of the spill meeting but may stand for re-election at the spill meeting. Following the spill meeting, those persons whose re-election as Directors is approved will remain Directors of the Company.

The Company's remuneration report for the financial year ended 30 June 2023 was adopted at the 2023 Annual General Meeting of the Company held on 14 November 2023 by more than 75% of the eligible votes cast.

In compliance with section 300A of the Corporations Act, the Remuneration Report sets out the Company's policy for determining the nature and amount of remuneration for the Directors and specified executive officers of the Company.

During this item of business, there will be opportunity for Shareholders at the Annual General Meeting to comment on and ask questions about the Remuneration Report. Resolution 1 is proposed as an ordinary resolution and will be passed if more than 50% of the votes cast by Shareholders entitled to vote are in favour of that Resolution. However, please refer above for an explanation of the consequences of 25% or more of the eligible vote being cast against Resolution 1. Shareholders' attention is drawn to the voting exclusion statement in relation to Resolution 1 in the Notice of Annual General Meeting.

Recommendation

The Directors of the Company unanimously recommend that Shareholders vote **FOR** this Resolution.

Subject to the voting exclusions set out in the Notice of Meeting the Chair of the Meeting intends to vote all available proxies in favour of this Resolution.

Recommendation

The Board (with Mr Ellice-Flint abstaining) unanimously supports the re-election of Mr Ellice-Flint as a Non-executive Director of the Company and recommend that Shareholders vote **FOR** this Resolution

Resolution 3 – Election of Director John McCreery

Rule 6.3(j) of the Company's Constitution provides that any Director appointed by the Board under Rule 6.2(b) shall only hold office until the termination of the next annual general meeting of the Company at which time the director must retire. However, any such Director remains eligible for re-election at that meeting.

John McCreery was appointed to the Board by the Directors with effect from 1 December 2023 meaning that his appointment will expire 12 November 2024 unless re-elected at the Meeting. Recommendation

The Board (with Mr McCreery abstaining) unanimously supports the election of Mr McCreery as a Non-executive Director of the Company and recommend that Shareholders vote **FOR** this Resolution.

Special Resolution 4 – Approval of 10% Placement Capacity

ASX Listing Rule 7.1A enables eligible entities to seek the approval of the holders of its ordinary securities to issue Equity Securities up to 10% of its issued share capital (**10% Placement Facility**). The 10% Placement Facility is in addition to the Company's 15% placement capacity under ASX Listing Rule 7.1. An eligible entity for the purposes of ASX Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity.

The Company is now seeking shareholder approval by way of a Special Resolution to have the ability to issue Equity Securities under the 10% Placement Facility. The exact number of Equity Securities that may be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2, which is detailed below.

The effect of Resolution 4 will be to allow the Directors to issue the Equity Securities in any existing quoted class, under ASX Listing Rule 7.1A during the 10% Placement Period without using the Company's 15% placement capacity under ASX Listing Rule 7.1.

If Resolution 4 is passed the Company will be able to issue Equity Securities up to the combined limit of both Listing Rules 7.1 and 7.1A.

If Resolution 4 is not passed, the Company will not be able to access the additional 10% capacity to issue Equity Securities provided for in Listing Rule 7.1A and will remain subject to the 15% capacity limit under Listing Rule 7.1 only.

Resolution 4 is a Special Resolution and therefore requires approval of 75% of the votes cast by Shareholder's present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative) are cast in favour of the resolution.

An approval of the 10% Placement Facility under ASX Listing Rule 7.1A commences on the date of the Meeting and expires on the earlier to occur of:

- 1) the date that is 12 months after the date of the Meeting at which the approval is obtained; or
- 2) the time and date of the Company's next annual general meeting; or

- 3) the time and date of the approval by the holders of the Company's ordinary securities of a transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking),

(“10% Placement Period”).

e) Use of funds

The Company may seek to issue the Equity Securities under LR 7.1A and if it does so these must only be issued for cash consideration. In such circumstances, the Company intends to use the funds raised towards an acquisition of new assets or investments (including expenses associated with such acquisition), continued exploration and feasibility study expenditure on the Company's current assets and/or general working capital.

The Company will comply with the disclosure obligations under ASX Listing Rules 7.1A.4 upon issue of any Equity Securities.

f) Allocation policy

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:

- 1) the methods of raising funds that are available to the Company, including but not limited to, placement, rights issue or other issue in which existing security holders can participate;
- 2) the effect of the issue of the Equity Securities on the control of the Company;
- 3) the financial situation and solvency of the Company; and
- 4) advice from corporate, financial and broking advisers (if applicable).

The allottees under the 10% Placement Facility have not been determined as at the date of this Notice of Meeting but may include existing substantial Shareholders and/or new Shareholders who are not related parties or associates of a related party of the Company.

Further, if the Company were to pursue an acquisition and were it to be successful in acquiring new resource assets or investments, it is possible that the allottees under the 10% Placement Facility will be the vendors of the new resource assets or investments.

g) Previous approval under ASX Listing Rule 7.1A

The Company has previously obtained approval under ASX Listing Rule 7.1A at the 2023 annual general meeting held on 14 November 2023. The Company has not issued or agreed to issue any Shares in the period of 12 months preceding the date of the 2024 AGM pursuant to this previous approval sought under Listing Rule 7.1A.

h) Voting exclusion

A voting exclusion statement is included in the Notice of Meeting. At the date of the Notice, the Company is not proposing to make and issue of Equity Securities under LR 7.1A and has not approached any particular existing Shareholder or security holder or an identifiable class of existing security holder to participate in the

issue of the Equity Securities. No existing Shareholder's votes will therefore be excluded under the voting exclusion in the Notice of Meeting.

i) Dilution risk

If Resolution 4 is passed by Shareholders as a Special Resolution and the Company issues Equity Securities under the 10% Placement Facility, there is a risk of economic and voting dilution to existing ordinary security holders, including the risk that:

- 1) the market price for the Company's Equity Securities in that class may be significantly lower on the date of the issue of the Equity Securities than on the date of the approval under LR 7.1A; and
- 2) the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date.

*The Deemed Price was the closing price of the Shares on the ASX on 20 September 2024.

**All Voting Dilution and Funds Raised numbers in the table have been rounded to nearest whole number.

The above table shows the dilution of existing Shareholders on the basis of the current market price of Shares and the current number of ordinary securities for variable "A" calculated in accordance with the formula in ASX Listing Rule 7.1A.2 as at the date of this Notice of Meeting.

The table also shows the hypothetical voting dilution impact where the number of Shares on issue (variable 'A' in the formula) changes. Specifically, the table shows two examples where variable 'A' (being the number of fully paid Shares on issue as at the date of the Meeting) has increased by 50% and 100%. These examples of 50% and 100% increase in Variable "A" are provided as required under ASX Listing Rule 7.3A.4. It also provides examples of where the price of the Shares have fallen by 50% and increased by 100% as against the Deemed Price.

The table has been prepared on the following assumptions:

- i) There are 1,850,973,596 ordinary shares on issue as at the date of this Notice of Meeting.
- ii) The Company issues the maximum number of Equity Securities available under the 10% Placement Facility.
- iii) No unlisted options are exercised or any are converted into Shares or any of the unlisted performance rights vest and are converted into Shares before the date of the issue of the Equity Securities under ASX Listing Rule 7.1A. The Company has NIL unlisted options and NIL unlisted performance rights on issue at the date of this Notice of Meeting.
- iv) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- v) The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Facility, based on that Shareholder's holding at the date of the Meeting.
- vi) The table shows only the effect of issues of Equity Securities under ASX Listing Rule 7.1A and does not consider issues under the 15% placement capacity under ASX Listing Rule 7.1.
- vii) The issue of Equity Securities under the 10% Placement Facility consists only of ordinary shares in the Company. The table does not demonstrate the effect of listed or unlisted options being issued under ASX Listing Rule 7.1A.
- viii) The issue price for ordinary shares in the Company is deemed for the purposes of the table to be \$0.008 (**Deemed Price**), being the closing price of these shares on ASX on 20 September 2024. This price is indicative only and does not consider the 25% discount to market that these shares may be issued at.
- ix) 'A' is the current number of fully paid ordinary shares on issue and assumes full placement capacity available.

Recommendation

The Directors consider that the approval of the issue of the 10% Placement Facility described above is beneficial for the Company as it provides the Company with the flexibility to issue up to the maximum number of securities permitted under ASX Listing Rule 7.1A in the next 12 months (without further Shareholder approval), should such an issue be required.

Accordingly, each of the Directors recommends that Shareholders vote in favour **FOR** Resolution 4.

The Chair of the Meeting intends to vote all available proxies in favour of this resolution.

Special Resolution 5 – Approval to Amend the Company’s Constitution

The Company’s Constitution was last amended in November 2008. In anticipation of certain recent and potential changes to the Corporation Act, ASX Listing Rules and ASX Settlement Operating Rules and following a legal review of the Constitution, it is proposed that certain amendments be made to the Constitution.

The amendments are proposed in order to bring the provisions of the Constitution in line with recent technological updates and will assist the Company to modernise communications with Shareholders as well as utilise various electronic platforms and tools to conduct Shareholder meetings.

Recommendation

The Board considers that the proposed amendments are in the best interest of Shareholders because they provide flexibility, clarity and efficiency in relation to the governance of the Company. For this Resolution 5 to be passed, it must be approved by a special resolution, requiring approval of 75% of the votes cast by Shareholders.

Accordingly, each of the Directors recommends that Shareholders vote in favour **FOR** Resolution 5.

The Chair of the Meeting intends to vote all available proxies in favour of this resolution.

Special Resolution 6 – Renewal of Proportional Takeover Provisions

The Corporations Act permits a company to include in its constitution provisions prohibiting the registration of a transfer of securities resulting from a proportional takeover bid unless the relevant holders of the securities in a meeting approve the bid. These provisions are designed to assist Shareholders to receive proper value for their Shares if a proportional takeover bid is made for the Company.

Under the Corporations Act, these provisions must be renewed every three years, or they will cease to have effect. The proportional takeover provisions set out in Schedule 5 of the existing Constitution were last renewed at the 2021 Annual General Meeting on 9 November 2021, and therefore will cease to apply on 9 November 2024. Accordingly, the Board considers it appropriate to consider renewing the proportional takeover provisions in the Company's Constitution at this AGM.

The Directors consider that it is in the best interests of shareholders to renew these provisions in their existing form subject only to the changes proposed under Resolution 5.

Accordingly, a special resolution is being put to shareholders under section 648G of the Corporations Act to renew the terms of Schedule 5 of the Constitution. If these provisions are renewed by shareholders, they will be either in exactly the same terms as the current provisions in Schedule 5 of the Constitution or if Resolution 5 is passed by Shareholders, then the terms of Schedule 5 approved will be as per the amendments to the Constitution proposed by Resolution 5. These provisions will then operate for three years from the conclusion of the AGM. If renewed under this Resolution 6, they will apply until 14 November 2027.

A copy of the Company's existing Constitution containing Schedule 5 along with a copy of the proposed amended Constitution is available on the Company's website at: <https://blueenergy.com.au/corporate-governance/>

The Directors do not believe that the proposed changes to Schedule 5 under Resolution 5 materially alter the nature and effect of the existing proportional takeover over provisions contained in the Constitution.

The proposed proportional takeover approval provisions will enable the Company to refuse to register securities acquired under a proportional takeover bid unless a resolution is passed by Shareholders in general meeting approving the offer.

The Company is seeking Shareholder approval to renew these provisions under the Corporations Act. The proposed proportional takeover provisions are identical to those previously contained in the Constitution. The Corporations Act requires the Company to provide Shareholders with an explanation of the proportional takeover approval provisions as set out below.

What is a proportional takeover bid

A proportional takeover bid is a takeover offer sent to all Shareholders but only for a specified portion of each Shareholder's securities. Accordingly, if a Shareholder accepts in full the offer under a proportional takeover bid, it will dispose of the specified portion of its securities in the Company and retain the balance of the securities.

Effect of renewal

If renewed, under Schedule 5 of the Constitution if a proportional takeover offer is made to Shareholders of the Company, the board of the Company is required to convene a meeting of Shareholders to vote on a resolution to approve the proportional takeover. That meeting must be held at least 15 days before the offer under the proportional takeover bid closes.

The resolution is taken to have been passed if a majority of securities voted at the meeting, excluding the securities of the bidder and its associates, vote in favour of the resolution. If no resolution is voted on at least 15 days before the close of the offer, the resolution is deemed to have been passed. Where the resolution approving the offer is passed or deemed to have been passed, transfers of securities resulting from accepting the offer are registered provided they otherwise comply with the Corporations Act, the ASX Listing Rules, the

ASX Operating Rules and the Company's Constitution. If the resolution is rejected, then under the Corporations Act the offer is deemed to be withdrawn.

Reasons for proposing the Resolution

The Directors consider that Shareholders should have the opportunity to renew Schedule 5 of the Constitution. Without Schedule 5 applying, a proportional takeover bid for the Company may enable effective control of the Company to be acquired without Shareholders having the opportunity to dispose of all of their securities to the bidder. Shareholders could be at risk of passing control to the bidder without payment of an adequate control premium for all their securities whilst leaving themselves as part of a minority interest in the Company.

Without Schedule 5, if there was a proportional takeover bid and shareholders considered that control of the Company was likely to pass, Shareholders would be placed under pressure to accept the offer even if they did not want control of the Company to pass to the bidder. Renewing Schedule 5 of the Constitution will make this situation less likely by permitting Shareholders to decide whether a proportional takeover bid should be permitted to proceed.

No knowledge of present acquisition proposals

As at the date of this Notice of Meeting, no Director is aware of a proposal by any person to acquire or increase the extent of a substantial interest in the Company.

Potential advantages and disadvantages

The renewal of Schedule 5 of the Constitution will enable the Directors to formally ascertain the views of Shareholders about a proportional takeover bid. Without these provisions, the Directors are dependent upon their perception of the interests and views of Shareholders. Other than this advantage, the Directors consider that renewal of Schedule 5 has no potential advantages or potential disadvantages for them, as they remain free to make a recommendation on whether a proportional takeover offer should be accepted.

The Directors consider that renewing Schedule 5 benefits all Shareholders in that they will have an opportunity to consider a proportional takeover bid and then attend or be represented by proxy at a meeting of Shareholders called specifically to vote on the proposal. Accordingly, Shareholders are able to prevent a proportional takeover bid proceeding if there is sufficient support for the proposition that control of the Company should not be permitted to pass under the proportional takeover bid. Furthermore, knowing the view of Shareholders assists each individual Shareholder to assess the likely outcome of the proportional takeover bid and whether to accept or reject that bid.

As to the possible disadvantages to Shareholders renewing Schedule 5, potentially, the proposal makes a proportional takeover bid more difficult and proportional takeover bids will therefore be discouraged or reduce the likelihood of a proportional takeover bid succeeding. This may reduce the opportunities which Shareholders may have to sell all or some of their securities at a premium to persons seeking control of the Company and may reduce any takeover speculation element in the Company's share price. Schedule 5 may also be considered an additional restriction on the ability of individual Shareholders to deal freely on their securities.

The Directors consider that there are no other advantages or disadvantages for Directors or Shareholders which arose during the period during which the proportional takeover approval provisions were in effect, other than those discussed in this section.

On balance, the directors consider that the possible advantages outweigh the possible disadvantages so that the renewal of Schedule 5 is in the interest of Shareholders.

Recommendation

The Directors of the Company believe that Resolution 6 is in the best interests of the Company and unanimously recommend that Shareholders vote **FOR** of this Resolution.

The Chair of the Meeting intends to vote all available proxies in favour of this Resolution.
